

VAT SPECIALIST

Devoll Hydropower SHA (DHP) is a wholly owned company within the Statkraft AS Group of companies. DHP has been awarded a Concession Agreement by the Albanian Government to develop, build, own and operate three power hydropower plants on the Devoll River in Albania with an installed capacity of approximately 280 MW. Start of construction is expected in 2013. This is a project position for 2 years with a possible extension until 2020 with future perspectives for further positions in Statkraft's large hydropower projects.

Location: Devoll Hydropower Project DHP head office in Tirana.

Your role:

The VAT Specialist reports to Senior Financial Manager for the Devoll Hydro Power Project in Albania and has an important role on follow up VAT Scheme introduced as part of the Devoll Hydro Power Project and all other issues related to VAT.

- Responsibility for following up the VAT reverse charge scheme
- Developing and maintaining overview of all contracts and invoices handled under the VAT scheme
- Being key contact person for all issues related to VAT within DHP and towards tax authorities and suppliers
- In collaboration with the finance team, preparing and presenting VAT declaration and supportive documents
- Preparing and presenting reports on the Special VAT Scheme

Your profile:

- Minimum Bachelor, preferably Master's degree in Business, Accounting or Finance
- Minimum 5 years relevant experience working with VAT issues with the Albanian tax authorities with a large company or a large accountancy/consultancy firm
- Solid understanding of Albanian tax regulations
- Fluent in English, both oral and in writing
- Proven skills in organizing, coordination and communication
- Good problem solving skills and ability to collaborate across different functions
- Strong advisory skills
- Hardworking personality with a systematic and analytical mindset
- Independent, self-driven – a person who can follow up and deliver on time according to set standards.
- Ability of working in a multinational team and work across cultural differences, socially and technically
- Computer literate in MS Office applications.
- Ability to work under pressure and meet tight deadlines

Devoll Hydropower offers:

- Professional and personal development in a company experiencing growth
- A positive working environment characterized by competence, responsibility and innovation
- A diverse workplace with regard to gender, age and cultural background
- Competitive terms of employment and benefit schemes
